Leading independent distributors of radiators and towel rails in the UK

At Apollo radiators the emphasis is on quality, available from stock. Our standard stock ranges are delivered to merchants in 2 working days and bespoke colours in 15 working days.

The latest design standards are incorporated into each radiator, and every Apollo radiator undergoes a detailed production process to ensure the highest quality standards are met.

Apollo radiators distributes throughout the UK to a wide range of independent merchants, as well as the national merchant groups.

Apollo radiators is dedicated to increasing the number of quality and value for money products available to our customers.

terms & conditions

All prices are in Sterling and are subject to VAT.

The manufacturing warranty for most products is 5 years, the notable exception being electrical products which have a warranty for 12 months.

After delivery by Apollo Radiators, if goods are damaged in further transit or on-site, this is not covered by the warranty. The warranty assumes fitting by an accredited and qualified tradesman and covers all manufacturing defects caused by faulty materials or workmanship, and will commence from the date of purchase from your wholesaler. Please ensure the correct fixings for your wall type are used with the radiator brackets supplied; consult a professional or expert if unsure. Adjusting pipework prior to delivery - whilst we endeavour to ensure all pipe centre dimensions are correct, manufacturing tolerances require that we strongly recommend pipework is not altered or adjusted until the new radiator or towel rail is fixed in its final position. Apollo Radiators will not accept responsibility for any claims relating to installation of pipework prior to the fixing of the radiator.

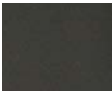

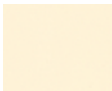

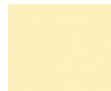

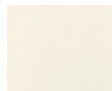

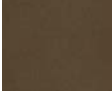

Bespoke Specials and Coloured Radiators are not returnable. (Sealed electric products are assembled to order and as such, are classed as bespoke specials). Standard Terms and Conditions apply, these are available on request. Due to a policy of continuous improvement we reserve the right to change specifications and prices without prior notice.

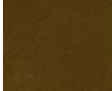

There is no carriage charge for radiators delivered to the UK mainland. Any returns of goods which are not required will be subject to 20% handling and carriage charges.

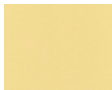

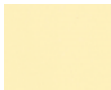

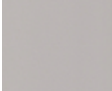

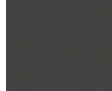

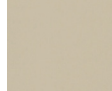

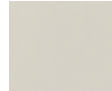

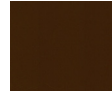

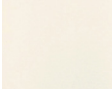

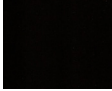

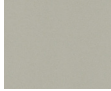

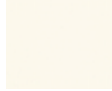

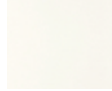

Finished product colour always varies from printed.
Metal swatches for individual colours are available upon request by email - info@apolloradiators.co.uk
We strongly recommend a coloured metal swatch is checked before making your order.
